Our policy does not permit the use of personally identifiable information on our website. This includes student names, photos, addresses, email addresses, phone numbers, and locations and times of class trips. We do, however, like to use student photographs and names in other school-related information.

This form provides the District with your **consent**, or **preference not to consent**, to release your child's photo/name for typical school-related information for newspaper articles, district programs, newsletters, our district calendar, FLOW publications, and individual school events.

We will keep this release on file for the year. If you decide to change your consent in the future, you should simply notify the school in writing of your request.

Each school will record and keep on file all responses to make sure we follow your decision when considering any public use of your child's photo or name.

Please complete the form below and return it to your child's school. Call the main school office if you have any questions.
