Third Marking Period Quarterly Assessments

Dear Parent / Guardian,

I hope this email finds you well. Due to the extended timeline for virtual learning, all quarterly assessments for the third marking period are cancelled. Please read through below for how the work from the quarterly assessment projects will be used in the 3rd marking period grade calculation.

Teachers who have completed the quarterly assessment project will move all graded assignments from the 20% quarterly assessment section of the gradebook to the 80% section of the gradebook. This will combine the alternate assessment work with the other assignments in the 80% section of the grade calculation for the third marking period.

Teachers who are midway through the quarterly assessment project will continue with this work and may modify the assessment project as the District transitions to the virtual environment. Final grades for the quarterly assessment project will be entered into the 80% section of the gradebook.

Teachers who haven't started the quarterly assessment project can still do so, with the understanding that the project may be modified for the virtual environment and that all grades will be entered into the 80% section of the gradebook.

The Mathematics department quarterly assessment scheduled for April 2nd is cancelled and will not be administered. The "Last day for Tests and Quizzes" and the "No Homework" time periods for the 3rd marking period have also been lifted.

Please contact your child(ren)'s teacher if you have any immediate questions about the quarterly assessment work. We appreciate your patience and understanding as we continue to transition through this time of virtual learning.

Regards,

Daniel W. Sutherland

Director of Curriculum, Instruction, and Assessment
